Visit Troy bike Rescue (take bus back to campus)

Outreach to freshies:

Vasudha:

Environmental clubs go in to talk
Erica is the RA!
Hold a workshop for them?
Bring in a powerpoint with pictures!

Environment and Politics--with Kim:

Visit this class & do intense outreach
Postering!! Is critical

GRF Updates (Kenny):

All we need is ROI & paperwork, and we're good to go

Kim is head of Eco Ed (how to teach about environment & sustainability)

- Proposed a GRF Class
 - Form a bunch of small teams, each designs a small project using GRF funds
 - The best project would be chosen & implemented on campus
 - Similar to RCOS (open source projects)--class/club lines are blurred
 - Could be implemented as independent study
- Go to the head dean with Kim to try to get the GRF class created
