

Sustainability Fee -**Not doing referendum question**

Why:

- a. Would appear complex and obnoxious to many reading details
 - i. A full explanation of the sustainability fee would be necessary
 - ii. Candid technical language can be interpreted in a negative way
 - iii. Asking student opinion; without extensive backgrounding of the essence of the request harbors a possibility of being interpreted negatively.
- b. The budget has been established for next year by the Board of Trustees
- c. A rift in understanding about the mechanic of implementation, and the people needed exists.

Green Roof

- a. HSBC Funds-3250\$ **Do 8X8 or 16X16 foot display on Bookstore Roof Pilot Project**
 - i. Make sure to work with Facilities and Site Services -Steve Angle and Marc Frost
- b. Prefabricated greenroofs exist shown at Green Roof Expo
- c. Lay out beds- **A matter of getting up and implementing**
 - i. Kyle is heading greenroof project
 - ii. Marc Frost and Campus planning is Involved
- d. All building specs for building loading -structural analysis is available from Campus Planning
- e. The small display will require relatively little maintenance
- f. Greenroof meeting Sundays at 7 (not specifically this coming week) email cohenb2@rpi.edu for info

Ecologic - Odd materials recycling

PolyAuditGroup

- a. SSTF is going to be working with the Poly to audit printing and distribution quantity

WE NEED PEOPLE TO WORK THE AUDIT EMAIL BEN IF INTERESTED cohenb2@rpi.edu

CWSC-Campus Wide Sustainability Charrette

- a. Methods for the material implementation (work, tools, food) to make the Charrette green.
 - i. Prepost consumer flower seed paper- can plant after reading advertisement flowers come up
 - ii. Concerto adds
- b. 17th and 18th of April; Doctor Jackson will be present Friday Afternoon and Saturday Afternoon - the beginning of Earth Week - **PROBLEM Relay for Life occurs the 17th and 18th a change of dates is recommended**
